

BURGLARS BUSY SATURDAY NIGHT

Several Stores and Offices Were Entered.—Money and Goods Were Taken.

LITTLE CASH WAS SECURED.

Numbers of Revolvers Carried Away From Hardware Store.—Officers Working on Clews.

Burglars were busy in Seymour Saturday night and the Stanfield-Carlson Hardware Store, Charles Kessler's Hardware Store, J. M. Hamer's coal office and H. F. White's coal office were entered and an attempt was made to enter the Pennsylvania ticket office.

At all the places excepting the Pennsylvania entrance was secured by forcing open rear windows.

At the Stanfield-Carlson store the cash register was robbed of about \$3 in silver; a large number of pennies in the register were not taken. The safe was broken open and \$5 secured. Before discovering that the combination on the outer doors was not turned, an effort to break the hinges had been made and one of them was damaged. The inner door of the safe being locked, the burglars broke off the knobs and knocked the lock out. The cash drawers and other drawers in the safe were ransacked and papers were strewn all over the office floor.

The burglars had evidently secured nearly all the tools for the work from the store, an ax, several picks, wrenches and screw drivers being found near the safe.

It is supposed the robbery was committed shortly after midnight as a large clock standing close to the safe has been in some manner stopped at 12:35.

The robbery was discovered early Sunday morning when Henry Kasper came to the store to turn off the night light in the office.

At the Kessler store, a screw driver taken from the Stanfield-Carlson store, was used to pry open the iron shutters sufficiently to allow the removal of the bar which held them. The window was then broken near the latch and the latter turned.

All of the revolvers in the store excepting two long barreled weapons were taken, the value of the goods being about \$40. Safety and other razors in the same case with the revolvers, were not disturbed. An attempt was made to open the safe, but men were evidently operating without any explosive and gave up the job. The money till, containing about 50 cents in pennies, was taken from the store.

At the Hamer and White offices the money drawers were broken open but no money was secured. The safe at White's was not disturbed. At the Pennsylvania the heavy wire screen was broken off early in the evening but entrance was not effected.

Shortly after the discovery of the latter damage was made, a young stranger giving the name of George Ballard, was arrested. He was intoxicated and had been around the station. He was fined by the mayor on a plain drunk charge and

W. S. HANDY, Mgr. The Rexall Store On the Corner Registered Pharmacists Phone 033

being unable to pay was ordered to jail at Brownstown. Sunday he had a mild attack of delirium tremens. Owing to a suspicion, resulting from certain evidence that had been discovered, that he might know something of the robberies, he was not taken to Brownstown Monday morning and was closely questioned by the local officers and a Pennsylvania road detective. He was around town Saturday with local railroad men, he having once worked on the west end of the B. & O. He stated that he worked at Richmond for the Pennsylvania for some time but during the past few weeks had been roving around hunting a job and drinking heavily. It was thought possible he had pals who committed the robberies. He failed to furnish any valuable information.

The officers are working on some clews. Whether the robberies were committed by local talent or outsiders, is uncertain.

A week ago several business houses in the city were entered and at one place a considerable quantity of goods were taken.

DON'T MISS TONIGHT.

Prof. Moulton's Lecture On Heredity And Child Training.

The thinking people will hear Prof. Moulton tonight at Society Hall. He will give you something to last through life. How to improve the quality of children. No financial estimate can be placed upon the child's life and future. Most misery, sickness and failure of today are because the child was not well born. You can avoid giving the child disease that you have. The second subject is to teach how to educate the child by thought and action when you are not speaking, to educate with your furniture and the daily surroundings of the child, how to talk to the child when it sleeps and break it of habits, lying, stealing, swearing, smoking, bad temper and make it obedient, industrious and change disposition. Society Hall tonight 8 o'clock sharp. Names will be taken for the new class but this is the only public lecture that will be given.

Palm Sunday.

Palm Sunday was observed yesterday at St. Ambrose Catholic church. The exercises included the blessing and distribution of palms in memory of the triumphal entry of Christ into the city of Jerusalem.

ANNUAL MEETING.

St. Paul German Evangelical Church In Prosperous Condition.

Sunday morning the St. Paul German Evangelical Church held its annual business meeting at which the pastor's report, secretary's report and report of the financial condition of the church were read. All the organizations of the church are in excellent working condition. The Ladies Aid Society numbers fifty-one, the Young People's Society thirty-five, and the Sunday School has an average attendance of about sixty. Since the pastor, Rev. H. R. Boech, came here last July there have been eighteen additions to the church membership; six of these additions were received yesterday. During this time the church has purchased a new parsonage on West Sixth street and has it mostly paid for. It has remodeled the old parsonage and school rooms into modern Sunday School rooms with an assembly room and primary department on first floor and individual class rooms on second floor. These rooms are beautifully decorated and put the school in condition to do excellent work. This remodeling has been entirely paid for during the pastorate. At the meeting Sunday the pastor was voted an increase in salary for the coming year. The offerings for the church expenses have largely increased. The following officers were elected for the coming year.

August Cordes, elder. Frank Voss and Wm. Husted, trustees.

Henry Woning, Director. Rev. H. R. Boech and the church start the new year with enthusiasm and with larger plans for work than the church has ever made before and the coming year promises to mark a new era in their church history. The pastor has the loyal support of his members in his work. Since his coming here he has won the kindly feeling of all, who are glad to know of the success in his church work.

Organ Recital.

Mrs. William A. Hedden and her daughter, Miss Elizabeth Hedden, arrived in Seymour today and will be the guests of Mr. and Mrs. J. R. Gebhart. Tuesday evening the new pipe organ that was recently installed in the Presbyterian church, will be heard for the first time in a recital. Mrs. Hedden will have several organ numbers, solos will be given by Miss Elizabeth Hedden, soprano, Mr. W. J. Hedden, tenor, Mr. Carl G. Hedden, on the cello and D. Kirke Hedden on the violin. In addition there will be several numbers for the organ and strings, the entire programme being one of exceptional merit. The recital will begin promptly at 8 o'clock. Admission 25 cents.

At the Hospital.

There are eight patients in the Schneck Memorial hospital and all are doing well. Miss Gertrude Sieben-burgen was able to sit up a short time today. Lafayette Heiman underwent a serious operation Sunday morning at 9:00 o'clock and was on the operating table for three hours. The operation was successful and he is resting easier today. Mrs. Caroline Meyers who suffered a stroke of paralysis several months ago was admitted to the hospital this morning for treatment.

REMONSTRANCES NOT CONSIDERED

At Special Meeting of Board of Works Saturday Night.—Investigating Committee Appointed.

PETITION FOR IMPROVEMENT

Of North Poplar Street Received.—Preliminary Resolution Ordered. Proposed Vine Street Sewer.

Quite a number of attorneys and citizens were present at the special meeting of the Board of Works Saturday night, it being expected that the remonstrances against the proposed improvement of Walnut Chestnut and Ewing streets would be considered. The only action taken in this matter however was the appointment of a committee to investigate the legality of the signatures.

Chairman Davison of the Board of Works, City Clerk Hauenschild and City Attorney Elsner, compose the committee and they will report at the council meeting Thursday night.

The petition for the permanent improvement of North Poplar street between Sixth and Seventh was read and the city attorney was ordered to prepare a preliminary resolution for the improvement. The petition asked for a 20 foot roadway of concrete.

The city engineer presented plans for the Vine street sewer to drain the southeast part of the city. The proposed sewer would extend from Myer street for 5 squares to the ditch near railroad in south part of city. To Brown street a 20 inch tile would be used and from there a 24 inch tile. The distance is 2875 feet with a fall of 9 feet. The estimated cost is \$3216 and the engineer was instructed to prepare a specific and detailed estimate to be presented at next council meeting.

A request was received from Dr. Gerrish for the use of the city park during the first ten days in July for a camp meeting to be held by the Jackson County Holiness Association. Referred to park committee.

It was ordered that bad holes on West Second be filled with gravel and that necessary tiling and filling be done at 7th and Broadway to prevent water standing there. Engineer instructed to locate property line on Indianapolis Avenue north of 7th to enable property owners to repair and improve walks.

Chairman Davison reported that a number of streets had been dragged in compliance with a recent order by the council, but he believed it is a waste of money. It was decided to discontinue this work.

A Common Saying

among children today is to keep your eyes open for you can't see if you don't.

SOME PEOPLE can't see anyway because they have not had their eyes properly attended to. Give us a trial at testing your eyes and fitting glasses to them and we guarantee that you will see. T. M. Jackson, Jeweler. a10 Geo. F. Kamman, Optician.

ROSS

FORMER CITIZEN

Of Jackson County, Died in California.

News has been received of the death at Healsburg, California of Rumans Ruddick who formerly lived south of Seymour and who was a brother of Silas Ruddick of this city. The Healsburg Chronicle says:

The funeral of Rumans Ruddick took place Tuesday afternoon from his late home on East Street, Rev. U. S. Johnson officiating.

Mr. Ruddick was a well known citizen of this place, which had been his home for the last twenty-six years. He was a man who was highly respected and had many friends. Strictly honest in his every day life and of a most genial disposition, it was always pleasant to be in his company. Paralysis, with other complications, was the cause of his death.

He was a native of Indiana and was 62 years old. In 1883 he came to California, first locating in Ukiah, and shortly afterwards coming to this city where he has since resided. For the past few years he has conducted a notion store. Previous to this he was engaged in farming.

A wife and three sons, Frank of Seattle, Will of Upper Lake and Bert, of Fortuna, survive. Two brothers, Mordicai Ruddick of this city, who has made his home with the deceased for many years, and Silas of Indiana, are the only surviving members of his immediate family.

To Him.

Joe C. Harton has passed away and from our hearts we give to sympathy, a tear. As birth is the beginning of death, the interim is but the lingering, the voyage of the cradle on the stormy sea of life. Hither and thither it is driven until the waters are calmed by Him who said, "Please be still" and lo, the waves have rolled away crested by that golden glow from heaven and a landing s made safe in the harbor with Jesus. On the numbered pages of the book of years the finger of sorrow writes the saddest of all words, Death. But let us try and think of all the countless numbers gone before, of our loved one who has joined that endless train; that they are better now, earth's sorrows healed by heaven and the ache in our hearts is but the planting of the flowers of memory nourished by the tears of friends. **

GEORGIA'S BIG
MINE DISASTER

Revised Figures Show Death List
to Be 128.

NOT ONE WAS LEFT ALIVE

How the Explosion in Convict Mine Occurred May Never Be Known, as Not a Man Remaining in the Mine After the Explosion Was Left Alive to Tell the Story—Rescue Expert's Narrow Escape.

Banner, Ala., April 10.—Eleven bodies have been taken from the mine wrecked by an explosion Saturday, besides four dead mules. The figures show that 128 men in all were killed, among whom were two white and three colored freemen. Not a man remaining in the mines after the explosion is alive.

Dr. J. J. Rutledge, government expert in charge of the bureau of mines rescue car No. 6, almost lost his life, as well as Dr. W. S. Rountree of Wylam, Ala., and two others of their party in searching an entry in which it was reported a number of entombed men had crawled expecting safety. The fan stopped for a few seconds and accumulated after damp caused Dr. Rutledge to drop. When taken from the mines it was first thought he was dead. He recovered several hours later.

Twenty convicts have dug a big ditch which will serve as a burial place for the convicts whose bodies are not claimed by relatives. The mine was operated by convict labor and a majority of the men were negroes. The Banner mines are in the western part of Jefferson county. Convicts, hired from the various counties through the state, were employed in the mines.

It is not certain whether the explosion was caused by gas or dust. Rescue work was interfered with by many rescuers being overcome by black damp and having to be dragged out. The rescue work cannot proceed safely until the mine is bratticed so that fresh air can be forced in to drive out the after damp. This work is going on, but it probably will be several days before all of the bodies are recovered.

TOWN IN MOURNING

Business Suspended in Throop During Funerals of Mine Victims.

Scranton, Pa., April 10.—In all the churches at Throop Sunday there were prayers and special services for the seventy-six victims of Friday's mine horror. There is crepe on every third house in the town. From behind closed doors in every part of the borough came sounds of bitter grief. A majority of the victims were buried today. Burgess Oliver Simpson of Throop Saturday night issued a proclamation ordering all business places in town to remain closed until noon Tuesday as a mark of respect to the dead. The schools were also ordered closed until all the victims are buried. Theaters of Scranton and fraternal societies and lodges of Throop are arranging benefits for the widows and orphans.

WOMAN'S DOUBLE CRIME

West Virginia Mother Kills Small Babe and Herself.

Wheeling, W. Va., April 10.—After administering a fatal dose of poison to her three-week-old baby, Mrs. Tom Mitchell seized a butcher knife from the table in her home and cut her throat from ear to ear. The woman was dead when found by neighbors. The baby's lifeless body was found in a crib.

Mother and Son Arrested.

Beattyville, Ky., April 10.—Deputy United States Marshal William Mays captured Susan Beard and Tom Beard, mother and son, in the act of operating a moonshine still on Whiteoak, in Owsley county. He destroyed the still and brought his prisoners before Commissioner Beatty, who held them over. The prisoners are mother and brother of Dan Beard, who was killed in a raid about two years ago.

Illinois's Financial Needs.

Springfield, Ill., April 10.—More than \$50,000,000 is the amount of appropriations asked from the present legislature. Not more than \$24,000,000 will be appropriated, but this will be an increase of approximately \$3,000,000 over the appropriations of the forty-sixth general assembly.

Monument to Cherry Miners.

Pontiac, Ill., April 10.—The Illinois miners' union, which two years ago aided sufferers of the Cherry mine disaster, soon will erect a \$2,500 marble monument to the memory of the six martyrs in the cemetery at Cherry. Six thousand Illinois miners have contributed to the fund.

Tom Johnson's Plucky Fight.

Cleveland, April 10.—Tom Johnson rallied Sunday from a sinking spell which friends feared would end in death. That does not mean the former mayor can recover. He is beyond all hope. But it does mean that he is keeping up the fight with death to the finish.

Drives ac Autos
For Mere Sport

Frank P. Fox, of Indianapolis, owner of the Indianapolis taxi cab line and one of the wealthy residents of the city, who drives Pope-Hartford racing cars more for the sport than for the money, is entered in the 500-mile International Sweepstakes Race at the Indianapolis Motor Speedway, May 30 next, and will pilot a 1911 model Pope-Hartford. He is the only race driver in the business who has an artificial limb.

CASE TEAM WILL RACE

THRESHING MACHINE COMPANY
TURNS OUT FAST MOTORS.

Lewis Strang, Famous Auto Driver,
Heads Trio Which Race Factory
Will Send Into 500-Mile Race
Next Memorial Day.

Indianapolis, Ind.—Headed by the famous racing motor pilot, Lewis Strang, as captain and manager, the three-car team of the J. I. Case Threshing Machine Co., of Racine, Wis., has been entered in the 500-mile International Sweepstakes race at the Indianapolis Motor Speedway next Decoration Day, May 30. This trio of Case cars will be driven by Strang, Louis Larssonner, the French driver, formerly with the Buick racing team, and Joseph Jagersburger. Three reserve drivers have been named by the Case company so that all of the cars will be manned throughout the seven-hour grind even if the original drivers are unable to take their cars all the way through.

The Case team this year is looked upon as one of the most formidable contenders in all of the big events and the entry of the entire outfit in the race at the Speedway indicates that the prize of \$25,000 looks good to the drivers while the honor of winning a race which will decide the International Championship is alluring to the manufacturer.

The Case cars have an average speed capability of 85 miles an hour which means that the speed of the race will be kept up to a pace which will spell the downfall of all existing records in classes up to the 600 cubic inch piston displacement limit. The three cars with the team of drivers and mechanics will come to the Speedway early in May for practice work. Strang's entry was the first made after the preliminary announcement of the race.

FORM AUTO RACING CIRCUIT

Motor Manufacturers Take Example
From Methods Used in Harness
Horse Contests in U. S.

Indianapolis, Ind.—Announcement that the \$25,000 Indianapolis Motor Speedway 500-Mile International Sweepstakes Race next Memorial Day is to be the opening event in the automobile racing circuit which the American Automobile Association is forming, is looked upon with favor by the management of the big brick Speedway. Tentative plans for the circuit were made by various members of the Contest and Rules Committees of the A. A. A. during the Chicago Automobile Show and committees have been appointed to put the project into tangible form.

On account of the fact that the 500-mile race at the Indianapolis Speedway in May is the greatest race ever planned and is richer in prize money than any other event in the history of the sport, the A. A. A. officials believe that it will be a fitting opening for the season of 1911, which they think is to be the greatest since motor racing was instituted.

It is the plan of the A. A. A. to arrange dates in such a way as to allow the various racing teams to travel in a complete circuit of the country, taking in the speedways, mile tracks and road courses. These will be classified and considered in proportion to their importance.

ELECTRICITY USED FOR TIMING.

Electricity is put to a new use at the Indianapolis Motor Speedway. An automatic electrical timing device catches the record of the fast flying motor cars in the races, and splits the seconds in hundredths. This device will be used on Memorial Day when the International Sweepstakes race of 500 miles is to be run over the brick track.

ONE THOUSAND
ARE EXPECTED

Democrats of National Note to
Dine At Indianapolis.

AN "ACHIEVEMENT" BANQUET

Great Preparations Are Being Made by the National Democratic League of Clubs For the Big Banquet to Be Held Thursday Night—J. Hamilton Lewis Will Preside and Many Notables Are on For Toasts.

Indianapolis, April 10.—One thousand Democrats are expected to attend the national Democratic "achievement banquet" Thursday night under the auspices of the National Democratic League of Clubs.

William J. Bryan, Governor Woodrow Wilson of New Jersey, Governor Eugene Foss of Massachusetts, former Governor Joseph Folk of Missouri and Governor Marshall of Indiana will speak. J. Hamilton Lewis of Chicago will preside as toastmaster. Dr. Albert Shaw, editor of the Review of Reviews, will be present, but he is not expected to speak.

Among the prominent Democrats of the country who have given conditional promises to attend the banquet are Governor Hoke Smith of Georgia, Governor John W. Burke of North Dakota, Governor Lee Cruise of Oklahoma, Governor J. H. Hawley of Idaho, Governor C. L. Blease of South Carolina, Governor Judson Harmon of Ohio, and former Governor George W. Peck of Wisconsin.

Governor Marshall will deliver the address of welcome to the visitors and present Mr. Lewis, the toastmaster. The Shriners banquet room will seat approximately 1,300 persons. The committee has arranged for 1,000 plates.

THE JURORS WEPT

Emotion Was Unrestrained When Ed
Hiatt's Acquittal Was Announced.

Winchester, Ind., April 10.—There was a touching scene in circuit court here when the jury in the Ed Hiatt homicide case returned a verdict acquitting Hiatt. The defendant, his wife, daughters and grandchildren gathered around the jury with sobs of thankfulness, and the jury wept, too. Hiatt, who lives at Union City, was arrested for the killing of Earl Robe, formerly of Gallion, O. Robe, it was alleged, insulted Hiatt's daughter, who was singing in a moving picture show. Hiatt learned of this and followed to have Robe arrested. Robe came toward Hiatt, and the latter struck him on the head, fracturing his skull. Robe died next day.

PLEADED GUILTY

Walter E. Neil Gets Off on Promise of
Giving State's Evidence.

Scottsburg, Ind., April 10.—After spending eight months in the Scott county jail, Walter E. Neil, who last August defrauded the Scottsburg State bank of about \$1,000 on a raised draft, has been released under a suspended sentence in the Indiana reformatory. He pleaded guilty when arraigned for trial and offered to turn state's evidence against Justus W. Sharick of Frankfort, who, it is alleged, was implicated in the forgery. Sharick's case has been taken to Jefferson county on a change of venue.

GO BACK TO WORK

Miami Miners Reach Agreement With
the Operators.

Terre Haute, Ind., April 10.—The Miami mine strike, which began about two months ago and by which about 650 miners have been out of employment, has been settled by President Van Horn of the miners and Phil Penna, secretary of the operators' association. The men will resume work at once. The trouble arose when the Miami company refused to supply one of the miners with a new room.

Teachers Elect Officers.

Indianapolis, April 10.—The Northern Indiana Teachers' association elected the following officers: President, H. B. Brown, Valparaiso, university; vice president, Lee L. Driver, superintendent of Randolph county school; secretary, Miss Martha Whitacre, Richmond; treasurer, O. M. Pittenger, superintendent of schools at Frankfort.

Conductor's Foot Crushed Off.

Bedford, Ind., April 10.—While switching cars into his train at one of the stone mills in Bedford, Claud Morgan, a conductor on the Monon, slipped and fell under moving cars and his right leg was cut off near the ankle.

Murder Trial in Progress.

Franklin, Ind., April 10.—The trial of Robert Shirley for the murder of his brother-in-law, Grant Meyers, Feb. 19, near Greenwood, is in progress in the Johnson circuit court.

New Site For Powder Magazines.

Indianapolis, April 10.—The Dupont Powder company, Wilmington, Del., has purchased 120 acres of land south of this city and will erect powder magazines there.

S. S. M'CLURE

New York Editor Paints a
Dark Picture For Teachers.

LEFT HIS FORTUNE TO
THE CITY HE LOVED

Notable Will of Wealthy Indian-
apolis Paint Maker.

Indianapolis, April 8.—By the will of Alfred Burdall, president of the A. Burdall company, paint manufacturers, the city and charitable organizations will be benefited to the tune of \$700,000. Emma Bryan-Burdall, wife of Alfred Burdall, is given a life interest in the estate.

The will provides at the death of Mrs. Burdall the trustee is to divide the estate into two equal parts. One of these parts is bequeathed to the department of public health and charities for the improvement and benefit of the hospital service of Indianapolis and the establishment of a home for incurables. The other part is to be given to the city for beautification of the park system by the park board.

In addition the Charity Organization society of Indianapolis gets \$1,000, the Summer mission for sick children \$1,000, the Flower mission \$1,000, the Indianapolis home for friendless women \$5,000, the Indiana tuberculosis hospital at Rockville \$1,000. The testator also bequeaths the books of his private library to the hospital authorities. The money is to fit and furnish the new library building.

A RECORD JOB

At That It Took Five Hours to Trans-
ship Stranded Passengers.

New York, April 8.—All of the passengers of the Prinzess Irene—1,720 men, women and children—were on board the Prinz Friedrich Wilhelm by 6 o'clock last night. Tugs, venturing into the shallow waters to the lee of the stranded Prinzess, had transhipped them in exactly five hours and ten minutes. The life-savers said it was a record performance. Anyway, it prompted Lieutenant Atless, the United States inspector in charge of the Long Island life saving district, to telephone congratulations to every man who had a hand in the job.

From the rails of the big Prinz the cabin and steerage passengers waved farewell to the ship that had kept them rather pleasantly imprisoned for thirty-eight hours. They were going to New York and solid footing, but they knew there was no likelihood of the Prinzess to follow them soon, that vessel having sunk so deeply in the mud that the problem of getting her off is a serious one.

Charges Denied by Tilden.

Springfield, Ill., April 8.—The first witness to be heard next Thursday by the Helm committee, investigating the Lorimer case, will be Edward Tilden, president of the National Packing company, who has been charged by Clarence S. Funk with being the man to whom \$100,000 was sent after the election of Senator Lorimer. Mr. Tilden has denied all the charges which concern him.

Professors Furnished Ball.

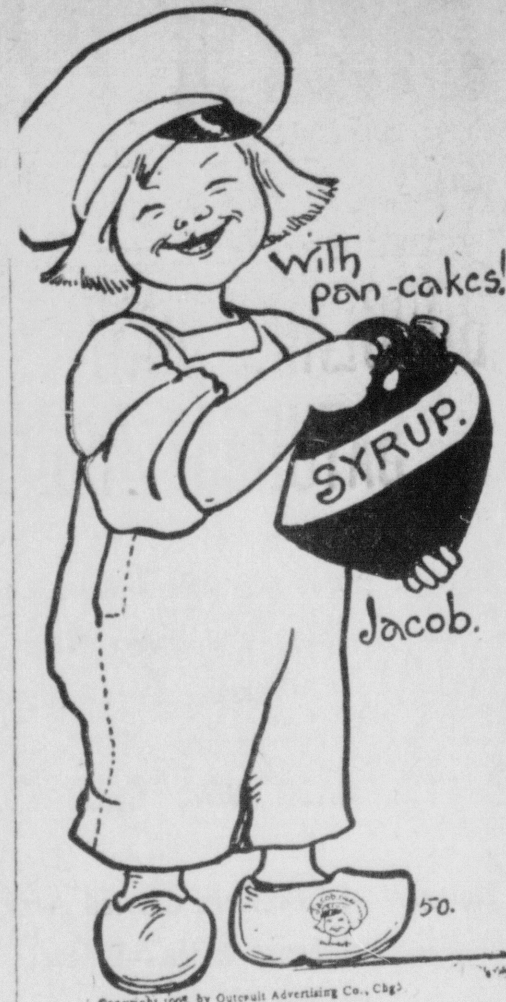

Ithaca, N. Y., April 8.—Alejo Guevara of Isabella, Porto Rico, a student in the college of agriculture at Cornell university, has been arrested. Eighteen bad checks which Guevara had circulated are in the hands of the police. Ball was furnished by two Cornell professors.

The Death Toll Increased.

New York, April 8.—Death claimed the 147th victim of the Triangle waist company holocaust Friday when sixteen-year-old Annie Miller died from injuries received in jumping from the burning Asch building. She died in St. Vincent's hospital after being unconscious for two days.

The Rebels Were Worsted.

San Luis Potosi, Mexico, April 8.—The attempt of a rebel band to capture a small town near Valles, this state, resulted in three of them being killed and the capture of twenty-four others.

March, 1911.

Dear friend:

We have such nice cakes for breakfast every morning since we found KARO Syrup to put on them. I think we use a gallon every week. It is not expensive either, you get a qt. can for 15c, one-half gal. can for 25c.

Your Friend,

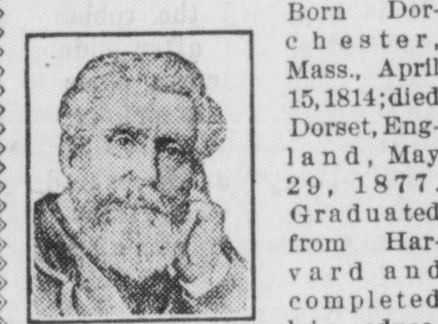

JACOB.

P. S. We have got out of the habit of going anywhere else for our groceries but

BRAND'S

THE HALL OF FAME.

JOHN LOTHROP MOTLEY—
American historian and diplomat.

Born Dorchester, Mass., April 15, 1814; died Dorset, England, May 29, 1877. Graduated from Harvard and completed his education in Germany. Tried one or two unsuccessful historical novels and then found his true bent in writing history. His "Rise of the Dutch Republic" and his other volumes on the Netherlands form his great life work and take rank with the chief histories of the world.

Fifty Years Ago Sunday.

April 9.

The stock market nearly in a panic over prospects of war. New York Central, Panama railroad, Pacific Mail, Illinois Central, Rock Island and Michigan Central showed marked decline. Charleston was crowded with strangers expecting to see a battle. Rifled cannon arrived there daily.

Twenty-five Years Ago Sunday

Conflict between strikers and the peace authorities in East St. Louis.

Fifty Years Ago Today.

April 10.

England launched her second ironclad warship, the Resistance.

The second expedition to relieve Fort Sumter sailed from New York.

The New York Tribune began printing from stereotyped plates, full page size, made from papier mache mold, a new invention; circulation, 55,000 daily.

Twenty-five Years Ago Today.

East St. Louis was under control of state troops.

GETTING EVEN.

You cannot "get even" with one who does you an injury except by getting on his level. That is what evenness means. No possible ill from without can be equal to the harm you can inflict upon yourself by sinning against your own higher character and self respect. "Getting even" with wrong, injustice and selfishness is too costly an indulgence to be allowed.

LOOK OUT FOR DODDER!

Seed Imported From Chile Badly
Mixed With Harmful Weed Product.
The United States department of ag-
riculture announces that since July 1,
1910, twenty-three lots of clover seed
of probable Chilean origin aggregat-
ing 370,000 pounds have been imported
into the United States. In all of these
shipments two kinds of dodder seed
characteristic of Chilean red clover
seed are present. At a normal rate of
seeding these shipments are sufficient
to seed approximately 46,000 acres,
and at this rate of seeding an average
of approximately 450 dodder seeds
would be sown on each square rod.
The sowing of this Chilean seed
means that the clover crop on a con-
siderable proportion of the area on
which it is seeded will be destroyed by
dodder, and farmers should be on their
guard against purchasing this seed.
Unfortunately most of these importa-
tions have gone into the southern part
of the clover producing region where
this dodder will undoubtedly prove dis-
astrous. This Chilean clover seed is
itself especially fine looking seed, be-
ing dark colored and approximately
50 per cent larger in size than ordinary
red clover seed produced in the United
States. It will therefore doubtless
receive a ready sale on account of its
fine appearance.

Foiled by the Kilts.

At Tel-el-Kebir the first highland
regiment that had been seen in Egypt
was encamped apart from the rest of
the English army. The natives took
it into their heads that these were the
wives of the English soldiers left un-
guarded. The oriental imagination de-
termined that the chance was too good
to be missed and hastily arranged an
expedition to carry off the women. I
have heard that they were very much
astounded at the reception that they
met and that they changed their
minds and told each other that among
these incomprehensible English the
short petticoat was a robe of honor
and only given to those who had
proved their bravery in fighting.—
"Egypt as We Know It"

It's Equal Don't Exist.

No one has ever made a salve,
ointment or balm to compare with
"Bucklen's Arnica Salve." It's one
perfect healer of Cuts, Corns, Burns,
Bruises, Sores, Scalds, Boils, Ulcers,
Eczema, Salt Rheum. For Sore
Eyes, Cold Sores, Chapped Hands or
Sprains its supreme. Unrivaled for
Piles. Try it. Only 25c at the
Andrews-Schwenk Drug Co.

Live Stock Notes.

Wheat, bran and oats make strong
bones in the colt.

A poorly nourished, stunted two-
year-old filly should not be bred.

Don't leave a horse heated by driv-
ing to stand exposed in a cold wind.

Too many farmers sacrifice quality
for mere size in the selection of a ram.

It never pays to keep old wornout
animals except as a matter of senti-
ment. It is well to cull very closely
in cattle, swine and poultry.

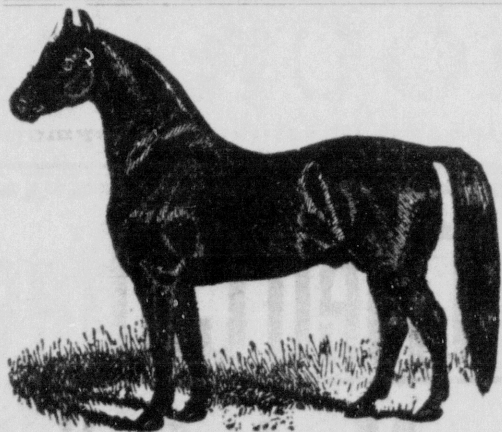

There is nothing like milk for mak-
ing hogs out of pigs. It is their natural
feed, and when used with a grain ra-
tion will develop pork more rapidly
than any other feed. It pays to keep
cows just for the pigs.

Do not feed pigs too much corn
while they are young. Corn is a fat
producing food and does not accel-
erate growth. Feed shoats tankage,
shorts and bran in sufficient quantity
to cause rapid growth.

The Wyoming experiment station,
after repeated trials, concludes that
corn and the bearded or Scotch barley
when fed with alfalfa were about
equal in value for mutton production.
Barley in this test proved to be a
shade the better. Twenty-seven per
cent less alfalfa and 28 per cent less
grain were required where barley re-
placed either in a ration.

Gives Aid to Strikers.

Sometimes liver, kidneys and bow-
els seem to go on a strike and refuse
to work right. Then you need those
pleasant little strike-breakers—Dr.
King's New Life Pills—to give them
natural aid and gently compel proper
action. Excellent health soon fol-
lows: Try them. 25c at the An-
drews-Schwenk Drug Co.

road crossing. Phone 358R and en-
gage service.

EARL V. CLOW

THIS IS CERTAIN

The Proof That Seymour Readers
Cannot Deny.

What could furnish stronger evi-
dence of the efficiency of any remedy
than the test of time? Thousands
of people testify that Doan's Kidney
Pills cure permanently.

Home endorsement should prove
undoubtedly the merit of this remedy.
Years ago your friends and neighbors
testified to the relief they had derived
from the use of Doan's Kidney Pills.
They now confirm their testimonials.
They saw time has completed the
test.

Mrs. S. A. Gibson, 306 E. Second
street, Seymour, Ind., says: "I suf-
fered for a long time from severe
pains in the small of my back and I
also had depressing headaches. I
was nervous and when I arose in the
morning, my whole body was lame.
When Doan's Kidney Pills were rec-
ommended to me, I began their use
and a prompt and thorough cure was
the result." (Statement given in
1906.)

A LASTING EFFECT.

On April 14, 1910, Mrs. Gibson
was interviewed and she said: "I can
recommend Doan's Kidney Pills just
as highly today as I ever did. The
cure effected by this remedy in my
case has been permanent."

For sale by all dealers. Price fifty
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—and
take no other.

SENTENCE SUSPENDED

Walter Neal Who Defrauded Bank,
Has Been Released.

Walter Neal, the young man who
last July defrauded the Scottsburg
bank of nearly \$1,000 and who
was recently convicted in the
court there and sentenced to from
two to fourteen years in the reform-
atory, has been released on suspend-
ed sentence.

At the time of his trial he pleaded
guilty. He charged that J. W. Shar-
rick, a Frankfort hotel man was im-
plicated in the forgery and it is ex-
pected that he will testify against
Sharick when his case comes to trial
in Jefferson county where the case
was sent on change of venue. It will
be recalled that after securing the
money at Scottsburg, Neal came to
Seymour and made some purchases
which furnished the clue that led to
his arrest later.

Averts Awful Tragedy.

Timely advice given Mrs. C. Will-
oughby, of Marengo, Wis., (R. No. 1)
prevented a dreadful tragedy and
saved two lives. Doctors had said
her frightful cough was a "consump-
tion" cough and could do little to help
her. After many remedies failed, her
aunt urged her to take Dr. King's
New Discovery. "I have been using
it for some time," she wrote, "and
the awful cough has almost gone. It
also saved my little boy when taken
with a severe bronchial trouble." This
matchless medicine has no equal
for throat and lung troubles. Price
50c and \$1.00. Trial bottle free.
Guaranteed by the Andrews-Schwenk
Drug Co.

Unknown Man Killed.

An unknown man was killed Sat-
urday evening near Lawrenceburg by
the second section of westbound B.
& O. S-W freight No. 57. It is sup-
posed that while attempting to climb
into a box car, he slipped and fell
under the wheels.

His clothing bore no mark by which
he could be identified and it is
thought he was a common tramp.

Do Ghosts Haunt Swamps?

No, never. Its foolish to fear a
fancied evil when there are real and
deadly perils to guard against in
swamps and marshes, bayous, and
lowlands. These are the malaria
germs that cause ague, chills and
fever, weakness, aches in the bones
and muscles and may induce deadly
typhoid. But Electric Bitters de-
stroys and casts out these vicious
germs from the blood. "Three bot-
tles drove all the malaria from my
system," wrote Wm. Fretwell, of Lu-
cama, N. C., "and I've had fine health
ever since." Use this safe, sure rem-
edy only. 50c at the Andrews-
Schwenk Drug Co.

Funeral Notice.

The burial of Joe C. Harton will take
place from the residence of C. E.
Miles, 116 St. Louis Ave., Tuesday,
April 11 at 2 p. m. Friends can view
the remains from ten to twelve Tues-
day morning.

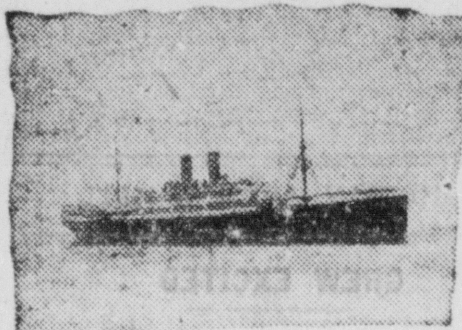

Stop in at A. J. Pellens and get a
free sample of ZEMO and ZEMO
SOAP.

The surest and most economical
treatment for eczema, pimples, dand-
ruff and all diseases of the skin and
scalp. Do not neglect this. They
will give you prompt relief and put
you on the road to a cure. Good for
infants as well as grown persons.

TOKIO'S TENDERLOIN BURNED LIKE TINDER

Three Hundred Women Victims of Flames.

Tokyo, April 10.—A great fire has
ravaged the Yoshiwara district of this
city, Tokyo's famous "tenderloin." Owing
to scarcity of water and high wind the
destruction was practically complete.
The ruins cover four square miles and
at least 5,000 houses have been burned;
fatalities are estimated at 300, with 800
injured, and 6,000 women are homeless.

Although the houses that gave the
district its character were palatial in
dimensions, only wood entered into
their construction and the entire area
was a big tinderbox awaiting only a
spark to set it blazing. Conditions
were just right for a vast calamity.
The fire spread so fast that many of
the women were trapped in upper
stories. A large proportion of those
killed jumped to their death.

Two Hundred Burned to Death.

Bombay, B. I., April 10.—Two hun-
dred men, women and children were
burned to death last night in a fire
which destroyed a thatched structure
in which they had gathered for a fes-
tival. Five hundred persons were in
the building when the fire started.
There was only one exit and an inde-
scribable panic ensued.

Police Still in the Dark.

Muncie, Ind., April 10.—Local police
are still at a loss as to the whereab-
outs of the bandit who held up the
Big Four passenger train and made
his escape within the city limits.

TERSE TELEGAMS

Three negroes were lynched near
Ellaville, Ga. They had been accused
of the murder of a white man.

General Stanley Williams, the Mex-
ican rebel leader, has been killed and
his force of eighty Americans dis-
persed by federals.

The feeling over the Moroccan situa-
tion is at high tension all over Spain.
Troops have been ordered to prepare
for immediate transportation.

A huge airship for trans-Atlantic
travel is projected at Berlin, and a
company capitalized at \$2,000,000 has
been formed to finance the scheme.

The news of the rebel uprising in
the vicinity of Tuxpan, about 100 miles
south of Tampico, has caused excite-
ment among the people of the latter
city.

Herman Guthmann, a correspond-
ence clerk in the office of August Bel-
mont, shot himself at the Hotel Con-
tinental in Paris and is in a serious
condition.

A serious uprising is reported at
Canton. It is stated that the Tartar
general commanding the troops has
been killed and that the city is in a
state of siege.

King George has revived Queen Vic-
toria's regulation excluding from court
persons who have been divorced. The
Victorian rule somewhat relaxed in
the reign of Edward VII.

Reports of the battle practice of the
Atlantic, Pacific and Asiatic fleets re-
ceived at the naval department indi-
cate that remarkably accurate firing
was done by the different vessels.

On account of marital difficulties
two men committed suicide at York,
Pa., Jacob Stine, sixty years old, end-
ing his life by hanging, and John Rine-
hart, fifty-one, by drinking poison.

News of fighting comes from many
sections of Mexico, and people on the
border, insurgents and federals alike,
look for more serious warfare than has
prevailed in Mexico since the insur-
rection broke out.

YOU TAKE NO RISK

Our Reputation and Money are Back
of This Offer.

We pay for all the medicine used
during the trial, if our remedy fails to
completely relieve you of con-
stipation. We take all the risk. You
are not obligated to us in any way
whatever, if you accept our offer.
Could anything be more fair for you?
Is there any reason why you should
hesitate to put our claims to a prac-
tical test?

The most scientific, common-sense
treatment is Rexall Orderlies, which
are eaten like candy. They are very
pronounced, gentle and pleasant in
action, and particularly agreeable in
every way. They do not cause diarr-
hoea, nausea, flatulence, griping or
any inconvenience whatever. Rexall
Orderlies are particularly good for
children, aged and delicate persons.

We urge you to try Rexall Order-
lies at our risk. Two sizes, 10c and
25c. Remember, you can get Rex-
all Remedies in this community only
at our store—The Rexall Store. The
Andrews-Schwenk Drug Co.

EDWARD A. REMY, P. M.

\$100 Reward, \$100.

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages, and
that is Catarrh. Hall's Catarrh
Cure is the only positive cure now
known to the medical fraternity. Cat-
arrh being a constitutional dis-
ease, requires a constitutional treat-
ment. Hall's Catarrh Cure is taken
internally, acting directly upon the
blood and mucous surfaces of the
system, thereby destroying the founda-
tion of the disease, and giving the
patient strength by building up the
constitution and assisting nature in
doing its work. The proprietors
have so much faith in its curative
powers that they offer One Hundred
Dollars for any case that it fails to
cure. Send for list of testimonials.
Address: F. J. CHENEY & CO.,
Toledo, O.

Sold by Druggists, 75c.

Take Hall's Family Pills for con-
stipation.

Will Entertain Other Societies.

Thursday afternoon, the Woman's
Home and Foreign Missionary Soci-
eties of the Methodist church will
entertain at the church, all the Wo-
men's Missionary Societies of Sey-
mour. A good program is being pre-
pared and it is hoped by this means
to arouse a greater interest and en-
thusiasm in the work. The women in
churches which have no societies will
be welcome at the meeting.

THE AGONY OF A BABY UNDER A SKIN AFFLICTION

is all the more terrible because it
can't tell you how it suffers. But
there is relief at hand—not only re-
lief but a permanent cure from prick-
ley heat, rashes, hives, eczema and
all other skin affections so prevalent
among infants during the summer
months. If you want to see your
baby rest easy once again—and a
look of relief spread over its little
face, just apply this splendid rem-
edy ZEMO. We believe honestly and
sincerely that in ZEMO you will find
the cure you have been praying for.
We can tell you in all truth that we
have made thousands and thousands
of parents happy with this simple but
sure remedy.

And to prove our absolute sincer-
ity, we have instructed all druggists
selling ZEMO, to refund the purchas-
er his money if the very first bottle
does not bring relief. Used persist-
ently thereafter ZEMO is bound to
cure.

ZEMO and ZEMO SOAP make the
most economical as well as the clean-
est and most effective treatment for
affections of the skin and scalp
whether on infant or grown person.

Sold by druggists everywhere and
in Seymour by our authorized agent,
A. J. Pellens.

Miss Nellie White who taught the
Borgstede school in Hamilton town-
ship the past winter, left this morn-
ing for Danville where she will take a
normal course. Her patrons ar-
ranged a big dinner for her and the
school last Friday, the closing day of
the term, and everybody had a very
enjoyable time.

Mr. and Mrs. J. Robt. Blair re-
turned Sunday evening after a visit
with friends and relatives at Indian-
apolis.

GREW EXCITED

At Banquet.—Frank Jones Broke Out
in Poetry at Columbus.

Frank Jones, tiring of the rush of city life and hungering for a quiet existence, recently formed a law partnership at Columbus and will locate there. A few nights ago he responded to a toast at the banquet of the Columbus Commercial Club. Now Frank is a good lawyer and a delightful after dinner speaker, but he is not used to Columbus sassafras tea and he just will get excited when he faces a banquet table loaded down with calf tongue, lobsters, scrambled eggs, cheese straws and other good home cooking. So when he stood up at the Columbus banquet with one hand on the table toying with a slab of dried herring and the other musing up the atmosphere in his characteristic manner, he couldn't resist making the astounding suggestion that the village of Columbus annex the city of Seymour. He even broke out in poetry and while it was not up to the Shelley brand, it blended well with the Columbus sassafras and made a big hit.

The Columbus Republican commenting on the effort says: "Mr. Jones will be afraid to go back to Seymour, where his family lives, after the idea gets out."

Mr. Jones made his suggestion in verse and it follows:

Let us mingle our pleasures, forget troubles and trials,
Let us look up and not down as we pass through the aisles;
Give each his just due in word and in deed,
The world will be blest with the sons of such seed.

Push on, and repeat, for nine years, nor over,

And we shall hear a loud noise on our southern border.

To the "Mexican" border I do not refer. No! No!

But to our neighbor, Seymour, as to you will occur.

In the year 1920, or sooner than that, We will swell up with pride, and lay on the fat.

With our borders extended to the four corners of nature,

We have grown as a child to a man of full stature.

Our people we number by squares, and by acres,

The factories by scores and other large measures.

There's real cause for alarm on our southern border.

As the smoke of our city gets close and still closer.

The annexation of Seymour, a city so proud,

Is a dream of reality and not a swift moving cloud.

So keep your eyes open and ears to the ground.

When Columbus is written "ten miles long forty miles 'round."

Burial at Rivervale.

The remains of the late John R. Lee, who was killed on the B. & O. S-W. at Montgomery Saturday morning, were taken to Rivervale this morning, where the funeral services were held this afternoon and were in charge of the B. of R. T. lodge. Those who composed the funeral party from here, besides the family were: Harry Edwards and wife, Grover Meyers and wife, C. C. Trueblood, Geo. Wildman, Chas. Hatfield, A. Michaels, Will Moses and wife, Marsh Ross, J. E. Allen, Tom Ross, R. J. Conley, James Snow and wife, Edward Drees, Joe Hedges, John Ball, Elisha Owens, Joe Hulse and Mrs. Louis Eckstein.

Grim Consolation.

"John old boy," said the sick man to the attendant, "I want you to go out and fetch me another minister."

"Why, you've had a preacher with you all the morning."

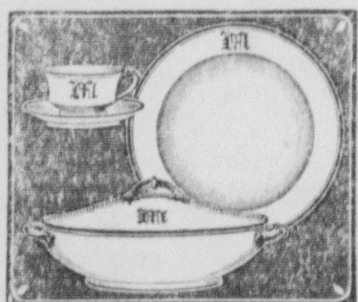

"That's just it," gasped the man. "He thought he was cheering me up, and he told me I'd meet my three wives in heaven!"—Atlanta Constitution.

Mrs. Ida McDuff of Indianapolis, is here for a few days' visit with Mrs. Albert Charles.

Judge Dagot of Anderson, was here today to attend the funeral of the late Martin Phelan.

Mrs. Ed Davis, Mrs. Frank Wilson and Miss Stella Shinness of Madison, are visiting Dr. and Mrs. B. S. Shinness.

Grover Cordes arrived here this afternoon from Los Angeles, Cal., to visit his parents, Mr. and Mrs. August Cordes. This is his first visit home in five years.

Dick Lucas, who drives one of the city's garbage wagons for Andy Story, dislocated his left knee this morning while working near the D'Heur & Swain Lumber Company plant.

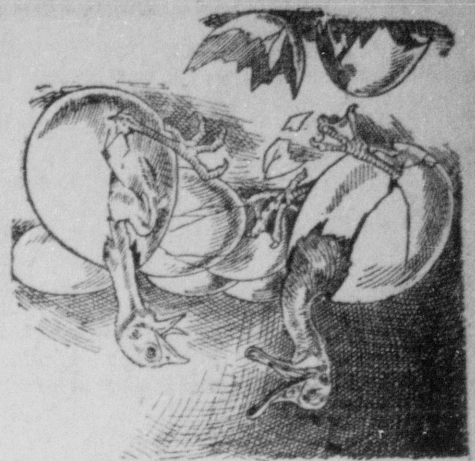

When a Dead Whale Sinks.

It happens on rare occasions that a dying whale, "sounding" deeply, fails to rise again to the surface and remains in the sea depths after death. The "fish" is not lost however. From some unexplained cause the gases set free by decomposition inside the carcass find their way to the whale's tongue. This organ becomes inflated, resembling a huge balloon, and by its buoyancy brings the body of the dead whale to the surface, when it is picked up by the crews. The process of inflation and flotation commences within a few hours of death, and the use of two or three days will generally suffice to bring the body of a "lost" whale up from the sea floor.—Wide World Magazine.

First Choice.

Mr. Jawback—My dear, I was one of the first to leave. Mrs. Jawback—Oh, you always say that. Mr. Jawback—I can prove it this time. Look out in the hall and see the beautiful umbrella I brought home.—Toledo Blade

U. F. Lewis and wife went to Chestnut Ridge today.

EASTER IS SO EARLY

that it is apt to be pretty cool if not quite cold. Don't take any chances on it. Order us to send you a ton or so of our clean, free burning coal, so that no matter what the weather is, you will be prepared for it. The coal will not spoil even if you don't have to use it this season.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. **Swamp-Root** corrects inability to hold urine and scalding pain in passing it and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

Japan's New Year Celebrations.

The New Year is ushered in amid great rejoicing in Japan. On the last day of the old year no one goes to bed, the bells ring all night long, and on New Year's morning the usual sweeping and dusting of rooms are pretermitted lest any good luck should be swept away. All the gateways are decorated with straw ropes, oranges and lobsters—the last, because of its crooked back, being regarded as the symbol of old age—and from Jan. 1 to 3, the "three chief days of the new year," the people regale themselves with "zoni," a stew of rice cakes and greens boiled in fish gravy. The New Year holidays last until Jan. 16, winding up with a feast of return to labor.

David Crockett.

David Crockett was born in Tennessee in 1786 and died heroically at the famous Alamo in 1836. He had practically no education, having been to school just about long enough to learn to read and write, but he was a man of great common sense and had a wonderful knowledge of human nature. He was elected to congress in 1826, serving two terms, and his rough but honest ways, his firm and blunt straightforwardness of speech and manner made him very popular. He was incapable of anything that was mean or dishonorable, and his name will always live in our annals in connection with the brave struggle for Texan independence. — New York American.

CHARLES G. GATES

Whose Wife is Suing Him For an Absolute Divorce.

New York, April 10.—David Leventritt, former justice in the supreme court, has been appointed referee to take testimony and report to the court with all convenient speed in the suit for absolute divorce brought by Mary W. Gates against Charles G. Gates, son of John W. Gates.

The Gates divorce suit promises to be highly sensational, as the names of two prominent actresses will, it is reported, be dragged into it.

WOMAN TO PRESIDE OVER THE COUNCIL

Mrs. Wilson Wins Her Contest for Mayor.

Hunnewell, Kan., April 10.—Ella Wilson will occupy the mayoralty chair and will preside over the common council when it meets tonight. Her masculine opponent failed to get enough votes at the election, was unlucky when lots were drawn, and after being counted out by a friendly canvassing board, ran squarely into the law and the certificate was given to Mrs. Wilson. The old council, which had declared Mrs. Wilson's opponent elected, accepted the advice of its attorney and issued a certificate of election to Mrs. Wilson.

THEY DON'T WANT IT

West Virginia Politicians Oppose Plan For Special Legislative Session.

Charleston, W. Va., April 10.—Politicians from all parts of the state have been attempting to dissuade Governor Glascock from carrying into execution an expressed intention of assembling the lawmakers in special session April 25, for the sole purpose of considering the direct nomination of public officers.

Governor Glascock gave all the visitors a patient hearing. He gave them his reasons for proposing the call for an extra session, and while he realized there was weight in the arguments of the opposition, he gave no notice of doing any "back pedaling." In fact, some of those who talked with the governor announced after doing so that the special session was certain.

Records Go Up in Blaze.

Brazil, Ind., April 10.—When James B. Holden, president of District No. 8, United Mine Workers of America, returned from Indianapolis after holding a conference with President White of the U. M. W. of A., he found his home on North Columbia street in flames. The house and contents, valued at \$3,000, were destroyed. All of the official records of District No. 8 were destroyed.

Booze and a Gun.

Linton, Ind., April 10.—Overindulgence in liquor, which led to an argument and terminated in a shooting affray while drinking may result in the death of Charles Reed of this city. Reed and his brother-in-law, Thomas Cody, got into a dispute and Cody shot his brother-in-law in the abdomen, inflicting what is believed to be a mortal wound. Cody escaped.

Big Copper Option.

Tacoma, Wash., April 11.—The United States Smelting and Mining and Refining company has taken an option on Mount Andrews, Alaska, probably the greatest body of copper ore in the world. The company is having an expert examination of the property made. If results are satisfactory it will pay \$2,225,000 for it.

Hauled Her Out of the Mud.

New York, April 10.—The North German Lloyd liner Prinzess Irene, which went on a mud bank off Fire Island last Wednesday, was floated at 3:10 p. m. Sunday and was towed to New York little the worse for her experience.

Ten Children in Seven Years.

Parkersburg, W. Va., April 10.—Mrs. Benjamin Marriett of Pennsboro has given birth to her fifth pair of twins. Three sets of them are living. All were born within seven years.

THE PRESIDENT WRITES LETTER

In This He Sets Democratic Fears At Rest.

WILL NOT PROROGUE CONGRESS

Whatever Fears Were Held by the House Majority That Mr. Taft Would Disband the Congress as Soon as He Got His Way on Reciprocity Have Been Quieted by a Frank Communication to Mr. McCall.

Washington, April 10.—It was Representative McCall of Massachusetts to whom President Taft wrote last week declaring that he would not prorogue congress in the event that Canadian reciprocity was made the first business of the special session and passed, and the Republican senate and the Democratic house thereupon proceeded to squabble over an adjournment date. The president, while appreciating that he has the right to disband congress after the business for which he called it together has been done, thinks action of this sort would be playing politics of doubtful propriety. So in order to set at rest Democratic fears in this direction and do all possible to induce the house majority to take up reciprocity the first thing, he wrote the letter in question to Mr. McCall, anticipating the widest publicity for it, but the only information concerning the letter that was to be had came from Democratic leaders. It was asserted by officials of the White House that the president had written the letter emphatically saying that he would not prorogue the congress.

This statement likely will have influence with the Democratic caucus which will meet this week to decide on the details of a legislative program. It will eliminate the principal argument being used by those Democrats who, expressing their fears of the prorogue, have urged that matters of general legislation, such as the direct election of senators, amendment to the campaign publicity law, ratification of the Arizona and New Mexico constitutions and revision of the woolen, cotton and other tariff schedules should be put through by the house before the Canadian reciprocity bill, to which the Democratic party is committed, is touched. While leading Democrats would not commit themselves, it is considered quite probable that reciprocity will be the first subject considered by the house. If this turns out to be the case the credit for it will belong in large part to Mr. Taft, it is conceded, as a result of the McCall letter.

It would not surprise administration leaders if the Canadian agreement was reported to the house this week. Mr. Clark advises early action on the measure.

TOO MANY COVERS

Meant Death of This Baby at Hands of Careless Father.

New York, April 10.—When Joseph Hartman, a ladies' maid in Rectors, got through her work early Sunday morning she hurried home to 342 West Forty-fifth street and found her husband in the flat.

"How's the baby?" she asked. "The kid's all right now," he grunted. "It was crying all night, though, until a little while ago."

Mrs. Hartman went to the crib and picked up the baby, which is seven months old. It had stopped breathing. A neighbor went for a doctor. Hartman explained that he had bundled the baby up in several blankets to stop its crying. He had not meant any harm. Dr. Crook of Flower hospital said the baby had been suffocated to death.

Perished in Box Car Blaze.

Cairo, Ill., April 10.—Charles Kelly and his father, Joseph Kelly of Utica, N. Y., and James Thompson are dead from burns suffered while sleeping in a box car. A fourth occupant of the car, James Ryan, is in a serious condition from the burns. The men, who were on their way from Memphis to their homes in New York, entered the car after drinking heavily and accidentally set the car afire.

Blaze Sweeps Dalton.

Dalton, Ga., April 10.—A large part of the business section of Dalton was destroyed by fire. The loss is estimated at \$275,000.

J. HAMILTON LEWIS

Who Will Be Toastmaster at Jackson Day Banquet.

WILSON HAD PHOTO OF SECRET TREATY

Mexico and Japan Menaced American Interests.

City of Mexico, April 10.—Facts of the most significant character bearing upon the reason for the sudden mobilization just a month ago of 20,000 American troops at three points within striking distance of the Mexican border, have become known here. They deal with the secret relations which existed prior to the first of March between Japan and the Diaz government, the discovery of which led to instant action by the president of the United States. The circumstance that a man who was in possession of only half the facts concerning the hidden activity of Japan's diplomatic agents allowed his partial secret to become public at El Paso last Wednesday, has hurried the full revelation of the story of undoubted intrigue between the Diaz government and the representatives of the government of Japan looking toward the securing by the latter of adequate coaling stations on the Pacific coast of the republic.

The truth of these negotiations and the effect that their discovery had upon Mr. Taft and his cabinet at Washington comes from a source which is trustworthy. Respect for the source of the information has not interfered with the verification of the news coming from that source by more than one authority. It is declared that Henry L. Wilson, the ambassador of the United States to Mexico, obtained for a few hours the original of a secret treaty between Japan and Mexico. He kept it long enough to have a photograph made of it. The secret clauses of the treaty—those photographed by Ambassador Wilson—gave Japan a lease of a coaling station and maneuver grounds in Magdalena bay, with the alternative of a coaling station at one of the few scattered ports down the Mexican coast. The day after he had obtained the photograph of this treaty Mr. Wilson took the train for Washington and laid before the president and his advisers the evidence he brought with him of the secret negotiations between Mexico and Japan, which were menacing the interests of the United States. The mobilization of the American troops followed at once.

In Trouble With Uncle Sam.

Boston, April 10.—Richard Phillips, aged sixty-five, of Philadelphia was arrested, charged with using the mail in a scheme to defraud. Phillips advertised to sell a half interest in a patent retriever which was to be used by trolley cars to replace the trolley when it became disengaged from the wire overhead. Inspector Clannahan said Phillips had been selling the half interest for the past four or five years, and perhaps each of 200 or more men thought he was the sole purchaser of that half interest.

Shot Hospital Patient.

Los Angeles, Cal., April 10.—While in bed at the county hospital S. L. Dana, the tailor who killed his little daughter Lodalia Saturday after he had been badly wounded by George Koerner, was shot again last night, this time fatally. Dana's new assailant was his adopted daughter Eva, thirty years old, who at once shot herself and cannot survive.

McCann's Hearing Postponed.

Springfield, Ill., April 10.—At the request of the attorneys for Edward McCann, former police inspector in Chicago, the state board of pardons will hear his petition for pardon in Joliet on Tuesday, April 25, instead of in Springfield on Tuesday, April 11.

Entered on Life Sentences.

Anders on, Ind., April 10.—James Walker and Rufus Warren, the two Alexandria bandits sentenced to life in the Michigan City prison for the murder of Patrolman Virgil Kirkman, have been taken to the prison.

Trigg's Drought Unbroken.

Cadiz, Ky., April 10.—The prohibition election in Trigg county resulted in a victory for the dries. The vote was: Dries, 1,790; wets, 722. Three years ago the county went dry by 43 majority.

S.S.S. CURES BLOOD POISON

Contagious Blood Poison usually begins with a tiny sore or pimple as the only outward evidence of its presence. But in a short while its many symptoms begin to make their unwelcome appearance. The mouth and throat ulcerate, itching rashes appear on the body, the hair comes out easily, brown spots appear on the limbs, etc. So highly contagious is the disease that it is sometimes communicated from one person to another by the use of the same toilet articles or handling the clothes of an infected person. S. S. S. has been curing Contagious Blood Poison for more than forty years. It goes right down into the circulation, and removes every particle of the poison. While curing the disease S. S. S. adds richness and nourishing powers to the blood, and a person who is cured by the use of S. S. S. will find that every portion of the system has been benefited by the treatment. S. S. S. cures so perfectly that there is never any return of the old symptoms; it drives the poison completely out by purifying the blood, which is the only safe and sure way to treat the disease. Write for our Home Treatment Book and any medical advice you may desire, free. S. S. S. is for sale at drug stores.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Theatre and Reception Gowns

Furnished by Pictorial Review

The Pictorial Review Bldg.

222-224-226 West 39th Street, New York City.

Rich bands of hand embroidery, lace, braid and Oriental trimming are a striking feature of the more elaborate gowns intended for formal occasions. These decorations are lavishly used on the thinnest of chiffon and other veiling effects as well as directly on satin or messaline dresses that are not veiled. All simple, thin silks are used, including crepe meteor, grenadine, often with a figure in it, lisse and princess lace robes. Voile is extremely fashionable as it comes in different weaves and styles that suit many different kinds of gowns. Flowered and brocade silks under chiffon of subdued tone are becoming quite conspicuous; the veiling fabric is often of the same color when the foundation is plain, contrast black as well as other colors over white and over light tones are popular.

The tunic of gauze or lace worn over a sheath gown of silk or satin is a style worn by the ultra-fashionable. Some of the handsomest dinner gowns are of old chandilly lace, made over white or colored silk. The short evening gown is still stylish and is becoming to debutantes. Trains have come back but the new ones are shorter and narrower than in former years. A good many are put on separately and may be worn or left off.

Empire lines are a decided feature of new style gowns, as shown in the costume PICTORIAL REVIEW PATTERN No. 3680-3670. It was made with a black chiffon overdress and the embroidered bands had touches of deep amber and dull blue which gave the gown a rich tone. A plaited flounce was attached to the satin skirt under the band on the overdress. The overdress, which has a waist and sleeve lining, is in sizes 32, 34, 36, 38 and 40 inches bust measure. Size 36 requires 2 1/2 yards of 44-inch chiffon, 1 1/2 yards of 36-inch lining, 1 1/2 yards of all-over figured net and 1 1/2 yards of banding 5 1/2 inches wide. The seven-gored skirt is in sizes 22, 24, 26, 28 and 30 inches waist measure. Size 26 requires 3 1/2 yards of satin 44 inches wide. An attractive design can be embroidered on the waist if desired.

Blue silk voile, several shades lighter than Atlantic or King's blue, with messaline the same color was used for the Empire reception gown (PICTORIAL REVIEW PATTERN No. 3681-3670). This overdress is also trimmed with bands embroidered in self color but with cream-white and tiny bits of black introduced. The sleeves and yoke are of Venice lace and belong to a separate guimpe. The guimpe pattern is not included. This overdress may be worn over any good close-fitting slip. The one shown here is the same as described above. The overdress with a circular skirt held in by a band is in sizes 32, 34, 36, 38 and 40 inches bust measure. Size 36 requires 2 1/2 yards of 44-inch voile and 2 yards of banding 3 1/2 inches deep.

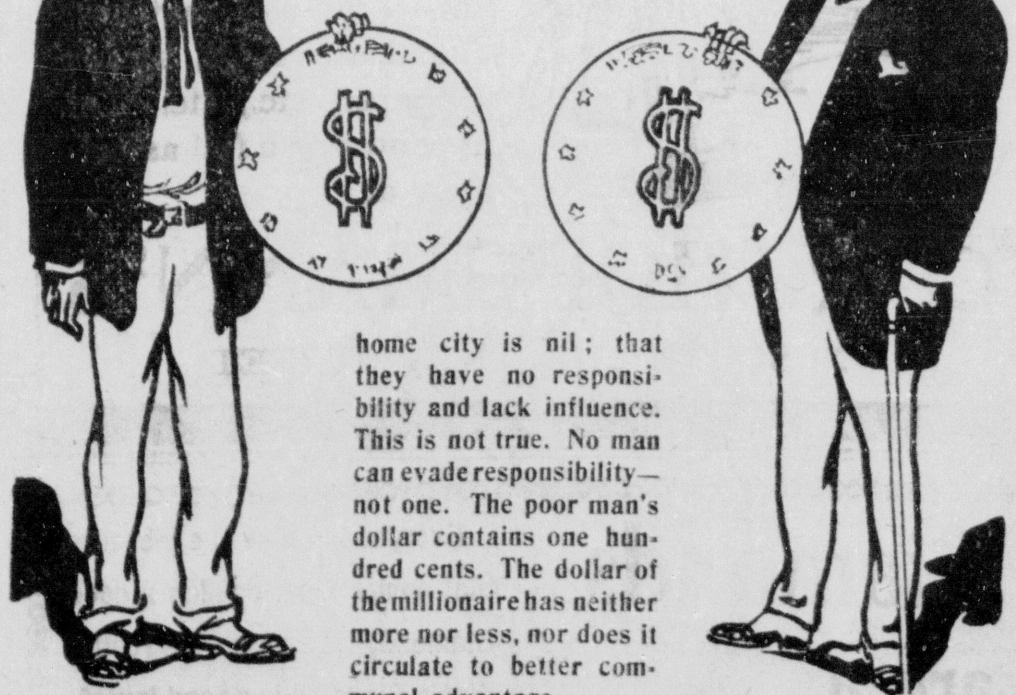

The fashion for black and white is illustrated in the reception gown, PICTORIAL REVIEW PATTERN No. 3679. It was made of white chiffon cloth trimmed with black satin folds. It closes at the left of the center front. Pattern sizes are 32, 34, 36, 38 and 40 inches bust measure, and size 36 requires 5 1/2 yards of 36-inch material with 7 1/2 yard of lining the same width, 3 yards of black satin, 27 inches wide for belt, sash ends and trimming.

Patterns, including cutting and construction guides, are 15 cents each number.

THE POOR MAN'S DOLLAR AND THE MILLIONAIRE'S

Every town has some citizens who occupy the attitude of indifference toward the community interests. They say: "Well, let the others boost the place. It can get along without my help." This attitude is well expressed and exonerated in a pamphlet recently issued by the Commercial club of Hannibal, Mo., Mark Twain's town:

It may be that some of limited means, opportunity or earnings may consider that their share in the upbuilding of their

home city is nil; that they have no responsibility and lack influence. This is not true. No man can evade responsibility—not one. The poor man's dollar contains one hundred cents. The dollar of the millionaire has neither more nor less, nor does it circulate to better communal advantage.

The poor man who sends his dollar out of town to buy things from the mail order houses in the great cities evades his responsibilities, just as does the millionaire who sends or carries his dollar away to buy goods outside of his own town which he might better have bought at home.

The poor man's dollar counts in building up a town, and it is to the poor man's interest that he spend his dollar with his neighbors, keeping it in circulation around town, for every dollar in circulation does its part toward keeping the poor man in his job or getting him a better one or raising his wages.

NEWS

PINK

Baseball Extra

Beginning Wednesday, April 12
THE INDIANAPOLIS NEWS

will issue each week day, immediately after the completion of the Indianapolis game, a special BASEBALL EXTRA and Sporting Edition.

It will contain a full description of the plays, with box score, also the results of all games in the American Association, National and American Leagues. This edition will be printed on pink paper, making it distinctive from all other editions of The News and sells for One Cent a Copy. It will carry a daily baseball cartoon by Kin Hubbard, the author of Abe Martin.

THE INDIANAPOLIS NEWS BASEBALL EXTRA will be mailed to any address, from beginning to end of the season, including Championship Series in all the leagues, and World's Championship Games, for ONE DOLLAR AND A HALF, payable in advance.

In addition to the Baseball news and results, a full report will be given in this edition of all other sporting events.

From April 12, 1911, Opening Day in American Association, to Oct. 15, 1911

About one hundred and seventy-five issues for one hundred and fifty cents.

ONLY
\$1.50

The greatest sporting news offer ever made by a daily newspaper. Send orders at once, with remittance, to Circulation Department The Indianapolis News, Indianapolis, Indiana.

SPECIAL NOTICE

The News State Edition will contain the latest Baseball and Sporting News every morning. Price for the Baseball Season \$1.75

The Knight of the Silver Star

A Romance of Drussenland

By PERCY BRENNER

Copyright, 1907, by R. F. Fenno & Co.

CHAPTER III.

WE had not gone fifty yards when a score of men, similarly accoutered to my companions, rushed upon us. The struggle was short and sharp. I was unable to make any kind of resistance and was dragged from my horse and my hands tied securely behind me. O'Ryan and his men fought desperately, and for a few minutes the clash of steel woke the echoes of the wood. But numbers told. O'Ryan was knocked out of his saddle and was bound as I was, and three of his men were also taken prisoners. Six men lay dead, two of ours and four of the enemy, bearing terrible witness to the fact that the fight had been no child's play. It was my first experience of medieval warfare, but it was not destined to be my last.

"With luck we may get to heaven," O'Ryan whispered to me, "but I don't think we'll ever get to Yadasara. Prisoners of war get badly handled. We'd be better off lying with those poor devils yonder."

Surrounded on every side by mountains, twilight is of short duration in Drussenland. It was dark long before we came to our journey's end, and in spite of O'Ryan's gloomy forebodings I was not sorry to reach the rebel headquarters.

The rebel camp, which was set around a good sized town, called Meera, I learned later, lay between two spurs of the hills, and we came upon it suddenly. O'Ryan and I were taken into a barrack yard full of armed men and after our hands had been untied were locked in a dungeon. We were in absolute darkness and for some moments stood quite still and were silent. Then O'Ryan growled out a long string of oaths, which must have given him considerable trouble to collect, and ended by consigning himself to perdition for leaving his flask in his saddlebag.

A flood of daylight pouring into the darkness through the open doorway awoke me and almost blinded me too. I rose to my feet, but the two soldiers who entered had not come for me. They shook O'Ryan, who, after a few sleepy grunts, stood up, very wide awake indeed.

"Wanted so soon?" he said. "One of the soldiers answered in the affirmative."

"Good! Far better than long waiting," he said, and he shook hands with me. The next moment he was gone. The door closed and was locked again, and I was alone. Perhaps an hour elapsed before the door opened again. A soldier entered and placed on the floor some food and a flagon of wine. I thanked him, and he saluted me. He waited until I had eaten some of the food and drunk the wine, with what relish I leave to the imagination, and then requested me to follow him. Outside a small guard received me, and I was taken across the barrack yard, which was full of life and business, to a building on the opposite side.

It must have been about noon when a body of warriors more imposing than any I had yet seen marched into the yard. The officer came to me.

"The princess holds council, and I am commanded to bring you before her," he said.

I inclined my head. My journey to the council hall was through the streets, and many people, chiefly women and old men, had gathered to see me pass. We turned into a courtyard surrounded on three sides by massive stone buildings and, marching straight across, halted for a moment before gates which opened into a great hall.

At each end of the building was a huge round window, but the lighting was insufficient, and the place was gloomy. The floor was of stone flags, worn a good deal, and indeed the whole edifice looked old. I know little of architecture, but although the style was common in Drussenland I have seen nothing like it elsewhere. Seated in the center of the hall on a platform was a woman surrounded by knights who were clad in steel—a goodly sight to look upon, if strange to such eyes as mine. Just below the platform on either side stood a dozen men in loose garments, reaching from shoulder to heel, tied at the waist with a white sash, the ends of which fell to the ground. Each wore a white skullcap. They were all elderly men, and their hair and beards had been allowed to grow at will.

To say that the princess was the most beautiful woman my eyes had ever rested upon is hardly to describe her. The whole of Princess Darla's world allowed that she was the most beautiful of women, and the women of Drussenland are beautiful. Her warriors, from the highest knight to the humblest soldier, worshiped her and had sworn obedience to him who should win her for himself. My first impression was that she was fit to rule those who bowed before her. She looked queenly and their mistress. Seated in her chair of state, as I first saw her, she looked a princess; she looked what she was, the idol of her people, and she looked more, a woman a man could love.

Every eye was turned toward me as I advanced up the hall. Certainly never before had I been such a center of attraction. I saw O'Ryan standing at the foot of the platform between two soldiers, but as I approached he eluded their vigilance and, rushing toward me, fell on his knee and kissed my hand, whispering as he did so: "Admit everything. It's our only chance."

Evidently I had to play a part of some sort. There was silence for some moments as I stood at the foot of the platform. The princess leaned forward in her seat to study me closely, and I tried to look unconscious of the sensation I caused.

He in the white robe and the silver girdle was the first to speak.

"Is it true what this man has told concerning you?" he said, pointing to O'Ryan.

"Sometimes men lie. What has he told concerning me?" I said.

"That suddenly, while he watched in the night, you came from the mountains quickly by a path unknown, which no man has traveled."

"It is true."

"Know you aught of us in Drussenland?"

"I know that war sings death among the hills."

"Naught else?"

"I know that Khrym looks down and is sorrowful, hiding his head with a cloud."

"The great Khrym shall be appeased tomorrow," he said. "Is it from Khrym you have come?"

He asked the question slowly.

"I have said that I came from the mountains. Has any man traversed the path I have traversed?"

"And you have come to help us?"

"To all good."

"Tell us your mission that we may know you."

"From the mountains have I come to help you against your enemies. Be strong, and your princess shall sit upon the throne in Yadasara. Be faithful, be patient, and that which has been hidden for ages from your eyes shall once more sparkle in the sunlight in Drussenland."

My allusion to the treasure had an electrical effect upon my audience.

For one moment the princess looked at me keenly and then turned. A door at the back of the platform was thrown open, and, followed by a guard of soldiers, she disappeared.

Count Vasca came to me.

"I am commanded to see you fittingly entertained," he said, and he led the way through one of the side doors. O'Ryan and I following, a small guard behind us, whether to honor us or to see that we did not escape I do not know.

We passed down several long corridors and then mounted a flight of stairs.

"Rest here until tomorrow," said the count, ushering us into a spacious apartment. "I will see that you are served."

In a short time food was brought us and wine in flagons.

[TO BE CONTINUED.]

TO HANG A DOUBLE GATE.

Directions for Making So It Will Swing True and Latch Properly.

There are many farmers who prefer to use a double gate, and yet there are comparatively few who are successful in hanging these double gates so that they swing true or latch properly, says the Kansas Farmer. The drawing herewith indicates a method by which this may be accomplished with very little trouble and absolutely accurate results.

Build the gate all in one structure and nail the crosspieces in place in the middle. Prop the gate into position between the two posts and attach the hinges to both ends. Be sure that the hinges are large enough and strong enough to support the gate when in use. It is better to have them too large than too small. After the gate has been attached to the hinges at both ends saw it in two, as shown in the drawing, and the work is done. It may be desirable to place the middle crosspieces which will be the ends of the half gates a little distance

apart and saw out the boards between in order that they may not bind in case of wet weather. This will simply require two sawings instead of one. If diagonals are necessary they may be attached either before or after the gate is sawed, but they should always be put on in the manner shown in the lower drawing. Have the upper end of the diagonal attached near the upper hinge, as this is the only way it can be put on to absolutely prevent sagging. If the diagonal is reversed and the upper end placed at the other end of the gate it encourages sagging by its faulty construction as well as by its added weight.

A neat farm gate of whatever type adds materially to the appearance and value of the farm home.

To be obliged to make a poor farm pay is good training, for when you get a better one you know the trick.

HAVE YOU TRIED PAXTINE

The Great Toilet Germicide?

You don't have to pay 50c or \$1.00 a pint for listerian antiseptics or peroxide. You can make 16 pints of a more cleansing, germicidal, healing and deodorizing antiseptic solution with one 25c box of Paxtine—a soluble antiseptic powder, obtainable at any drug store.

Paxtine destroys germs that cause disease, decay and odors—that is why it is the best mouth wash and gargle, and why it purifies the breath, cleanses and preserves the teeth better than ordinary dentifrices, and in sponge bathing it completely eradicates perspiration and other disagreeable body odors. Every dainty woman appreciates this and its many other toilet and hygienic uses.

Paxtine is splendid for sore throat, inflamed eyes and to purify mouth and breath after smoking. You can get Paxtine Toilet Antiseptic at any drug store, price 25c and 50c, or by mail postpaid from The Paxtine Toilet Co., Boston, Mass., who will send you a free sample if you would like to try it before buying.

THE LAND OF PUZZLEDOM.

No. 1298.—Changed Primals.
Find a suitable word to fill the first blank, then change only the initial letter for each succeeding blank.
When my Uncle — comes to see me he will bring me a —. He is short and — and wears a silk —. He is very fond of our — and coaxes her off the — and has given her many a —. Once when she tried to catch a — she fell into a —, and we thought she must be dead, but after we pulled her out she — before the fire and washed her face.

No. 1299.—Charades
I.
An instrument of mighty power,
My first is wielded every hour.
An insect famous is my text,
The idle by it oft is vexed.
My whole by showing victory won
Speaks to the world of fine deeds done.

II.
My first brings rest—rest so sweet!
My first the weary do gladly greet.
Speak my next and a word you'll hear,
A house of rest where guests find cheer.
My third no mortal wants to meet
On land or water, shore or street.
My whole, a bird of sweetest song,
Has famous been for ages long.

III.
Or large or small my first may be,
A creature often seen and heard.
My next a dwelling place you see,
Sometimes for man, more oft for bird.
My whole with freedom cannot be,
Though comfort yet it holds and gives.
It has no hint of field and tree,
But naught cares he who therein lives.

IV.
They quarreled. First said, "I'll my first."
"My last," replied he, "if you durst."
Both told what they'd heard;
'Twas my whole both averred.
They forgave. Said my first, "I'll ne'er first."

—Youth's Companion.

No. 1300.—Singular and Plural.
Example: Singular, a beverage; plural, to annoy—tea, tease.

1. Singular, an animal's foot; plural, to hesitate.
2. Singular, a period of time; plural, to bewilder.
3. Singular, to run away; plural, annoying insects.
4. Singular, the call of a bird; plural, reason.
5. Singular, an American poet; plural, attitude.
6. Singular, a pronoun; plural, parts of the head.
7. Singular, a measure; plural, a crystallized mineral.
8. Singular, merry; plural, to look steadily.

No. 1301.—Additions.
1. Add a young goat to a light sleep and get to abduct.
2. Add a piece of cured meat to an act of derision and get a swinging summer couch.
3. Add a girl's name to terra firma and get the name of one of our states.

No. 1302.—Pictured Word.

What country in Asia is represented?

No. 1303.—Transposings.
1. Transpose a work engaged in by farmers during harvest time and get a sweet, juicy fruit.

W. H. REYNOLDS
SOUTH CHESTNUT STREET

THE CHURCHES

Heartily Indorse Proposed Sunday Closing of Post Office.

The proposition to close the post office on Sundays, was presented by the ministers at the different churches of the city Sunday and met with hearty approval.

The following resolution was unanimously adopted by the different congregations:

"Whereas there is a growing sentiment in many places for a more sane and religious observance of the Christian Sabbath; and, whereas there is a special effort now being made by the Post Office authorities of the United States to lessen the labors of their employees on the Christian Sabbath and give them the right of one day of rest in seven and also the right to attend public worship.

Therefore, be it resolved that we the members of the congregation of this church hail with delight this or any other movement which tends to a better observance of the Christian Sabbath, and we unite with all law-abiding and Sabbath loving people in its support."

The resolutions will be forwarded by Postmaster Remy to the department at Washington. Sunday closing of the office here will be inaugurated as soon as the details are worked out and the resolutions adopted yesterday show that the people approve the move.

Fined by Mayor.

Jerry Woods of Medora was arrested for intoxication Saturday night and was fined \$1 and costs by mayor Swope. He paid the bill.

Berdon's Barber Shop, S. Chestnut.
